KWH base charge	\$78.57	\$78.57
Power Cost Adjustment	\$33.84	\$33.84
Total	\$116.91	\$116.91

NO-COST ENERGY-SAVING RESOLUTIONS FOR 2018

For most of us, sticking to those New Year’s resolutions is easier said than done. This year, keep it simple with a pledge to conserve more energy — you’ll be helping the environment and saving money year round.

HERE ARE 10 NO-COST WAYS TO GET STARTED:

- 1 Switch incandescent bulbs to energy-saving LEDs.
- 2 Set dishwasher settings to “air dry” instead of “heat dry”.
- 3 Clean the lint filter in your dryer after every load.
- 4 Seal air leaks around doors and windows with caulk and weather stripping.
- 5 Consider putting all your electronic equipment on a smart power strip to save energy.
- 6 Replace or clean your air-conditioning filters once a month.
- 7 Unplug electronics when not in use.
- 8 Open your blinds and drapes and use sunlight for a no-cost heating boost.
- 9 Conserve water by taking quick showers instead of baths.
- 10 Find more energy-saving opportunities and lower your utility costs with a free in-home audit and rebate opportunities from Beaches Energy. Call 904-247-6241 to schedule your free residential energy audit.
