Ride the Green Wave

Keeping Our Community Landmarks Safe for All.

For generations, our community has enjoyed our beaches for the waves, wind and leisurely walks in the sand. Pictured above is the pier in 1933 and framed below is one of today's volunteer lifeguards keeping our beaches safe for all who visit. Throughout the history of our unique community, residents have made great efforts to preserve landmarks, and to save energy and resources. Beaches Energy Services wishes everyone a very happy and safe 2014.

Go Paperless in 2014

Use Beaches Energy's free paperless billing to receive, view and pay your bill online - It's the convenient, environmentally friendly way. Enroll today by calling **904-247-6241** or sign up online at **www.beachesenergy.com**. Save time, energy and resources by opting to receive your utility bill online!

Tidings Tips: Use Sunshine for Winter Energy Savings

During these winter months, save energy and stay warm by allowing heat from the sun to maintain and keep your home warm. Keep these ideas in mind instead of turning up the thermostat:

- Let the sun shine in.
- Keep blinds and drapes open during winter days and close them at night.
- Sun angles are low in winter, allowing substantial solar heating through all windows.
- It's always best to keep your thermostat setting at 68° in winter, and 2-3° lower when you're away.

Medical Support Notification Program

Customers with serious health problems requiring specialized medical electric equipment should know about our Medical Support Notification Program. This equipment includes apnea monitors, nebulizers, and oxygen machines. With a doctor's verification, your name and address will be placed on our Medical Support List. If a scheduled service outage is expected to last for an extended period of time, we will contact you so you can make an informed decision about whether to leave your home. To receive more information about this program, call **904-247-6241**.

Electric price for 1,000 kilowatt-hours

	December	January
Base charge, residential	\$4.50	\$4.50
KWH base charge	\$75.57	\$76.57
Power cost adjustment	\$44.84	\$42.84
Total	\$124.91	\$123.91

Save a Lot!

with Rebates and ENERGY STAR®!

Beaches Energy Services offers a **rebate program** for selected energy efficient home improvements. Through rebates—dollar credits applied directly to your bill—Beaches Energy Services helps you improve the energy efficiency of your home through the purchase and installation of energy-saving equipment and other improvements. Beaches Energy Services offers a **total of up to \$1,825** in energy-saving rebates for making these residential energy-efficient improvements. Rebate forms must be completed and submitted to Beaches Energy Services along with proof of purchase invoices and required documentation within 60 days of installation.

Qualified Products or Improvements	Maximum Rebate Amount
A/C Heat Pump SEER 14	\$100
A/C Heat Pump SEER 15 or higher	\$300
Programmable Thermostat	\$25
Heat Pump Water Heater	\$500
Insulation Upgrade	\$300
Window Film / Solar Screen	\$100
Solar Water Heater	\$500

ENERGY STAR® qualified products benefit the user with real energy savings over the product's life. Always look for the ENERGY STAR® label. Products include home entertainment devices, appliances, office products and smaller items like decorative light strings, battery chargers and CFL bulbs.
