CALL 811 BEFORE YOU DIG: IT'S THE LAW

Are you preparing for spring and summer landscaping? Dial 811 at least a few days before you start any digging project. A Beaches Energy representative will conduct a quick inspection of the digging site to mark the location of buried lines. Power lines, natural gas and other utilities are buried underground, even in places you might not expect.

When you make the **free** call to 811, you'll help prevent unintended consequences such as injury to you or your family, damage to your property, utility service outages to the entire neighborhood and potential fines and repair costs.

BEACHES ENERGY WINS IN FLORIDA LINEMAN COMPETITION!

Beaches Energy crews participated in the Florida Lineman Competition in Gainesville, FL, March 1-2. Local families attended to cheer on the boys! The Journeymen team placed 3rd in the Hurt Man event, and Journeyman Lineman Corey Haag placed 1st in the insulator change event.

Established in 2001 by the Florida Municipal Electric Association (FMEA), the Florida Lineman Competition is where public power lineworkers come together from all over the region to demonstrate their skill, speed and safety in a series of competitive events.
