NEIGHBORS HELPING NEIGHBORS

The CARE Program is a Beaches Energy outreach program that provides assistance to Beaches Energy customers who are unable to pay their utility bill due to a financial hardship. The CARE program depends on your help to make it work:

- It's easy to give back to the community through monthly or a one-time donation. Every dollar counts.
- Beaches Energy will match all contributions, doubling the impact of your generosity.
- 100% of all contributions go directly to people in need in our beaches community.

In 2019, the CARE program provided financial assistance to **help 264 Beaches Energy customers keep their electricity on.**

CALL 811 BEFORE YOU DIG: IT'S THE LAW

Building a deck or planting a tree? Dial 811 at least a few days before you start any digging project. A Beaches Energy representative will conduct a quick inspection of the digging site to mark the location of buried lines. Power lines, natural gas and other utilities are buried underground, even in places you might not expect.

Make the **free** call to 811 to help prevent unintended consequences such as injury to you or your family, damage to your property, utility service outages to the entire neighborhood and potential fines and repair costs.

Learn more at www.call811.com.

Meet Logan Cox, Lineman, 7 years.

"What makes me proud to be a lineman is working along with the customers and our employees. We interact with the community every day. When storms come and we get the power back on – all the love and support we get definitely makes me proud."

"To me, being a lineman means a great accomplishment. What makes this job so rewarding is I've learned I can do things I never thought I'd be able to and support my family."
