ARE YOU READY FOR HURRICANE SEASON?

From now until November 30, all eyes will be on the tropics as we wait to see what the new season has in store. Even the best meteorologists can't predict with 100% certainty when a storm will strike or how dangerous it will be – that's why it's important to be prepared.

Here are some helpful tips to keep your home and family safe this hurricane season:

Make an Evacuation Plan

Before the storm hits, know your evacuation routes and shelter options. Not all hotels and shelters are pet friendly - if you have pets, be sure you include them in your plans!

Update Your Emergency Kit

Check your emergency kit to ensure you have plenty of food, water, flashlights, and other supplies to keep you safe in a storm. Stay prepared by replacing missing or expired items quickly.

Get Your Home Ready

Ensure your home and flood insurance policies are up to date, generators are working, and your property is storm-ready (secured windows and doors, stored outdoor items, trees trimmed, etc.).

Sign up for CodeRED Alerts

Visit [BeachesEnergy.com/CodeRed](https://www.beachesenergy.com/CodeRed) to sign up for emergency alerts, including evacuations, road closures and more.

Visit [BeachesEnergy.com/hurricanes](https://www.beachesenergy.com/hurricanes) for more helpful hurricane tips.

GET ADDED PROTECTION FROM ENERGY SURGES

Did you know meter-based surge arresters can stop energy surges before they enter your home? It's true. These devices are easily installed by Beaches Energy Services and provide your home and appliances with greater protection in a storm – all for just \$3.50 per month!

Electric services exceeding 200 AMPS, 12 S meters, or meters contained in a meter bank (multiple meters, for example: condo or apartment complexes) are not eligible for surge suppression.

To apply for meter-based surge arrester installation, call 904-247-6241 or email customerservice@beachesenergy.com.

Learn more about how you can protect your home at [BeachesEnergy.com/Lightning](https://www.beachesenergy.com/Lightning).

UPDATE YOUR CONTACT INFORMATION!

Have you changed your address or phone number recently? If so, ensure you receive every alert by visiting [BeachesEnergy.com/CodeRed](https://www.beachesenergy.com/CodeRed) or emailing us at customerservice@beachesenergy.com to stay up-to-date this hurricane season.
