## PLAN FOR SUMMER SAVINGS

Temperatures are on the rise and families across Florida are preparing for their big summer vacations – which means one thing – there’s no better time to see how you could save on your utility bill.

You can draw the curtains and set your AC a little higher, but did you know there’s a fast, easy way to get money-saving tips personalized to your home? It’s true! With My Utility Planner, all you have to do is answer a few questions about your:

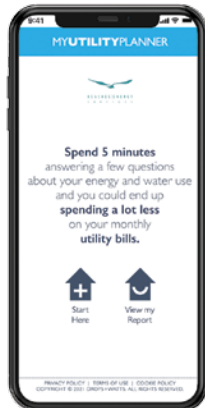

**HOME**

**APPLIANCES**

**ENERGY USE**

And you’ll get free, customized tips designed to help you conserve energy and reduce your monthly bill.

Visit [BeachesEnergy.com/myutilityplanner](https://www.beachesenergy.com/myutilityplanner) to start saving today.

## STORM CLEANUP? DON'T FORGET 811

After a hurricane, you’re sure to have a long to-do list. But before you get to work cleaning up downed trees or fixing your landscaping, be sure to call 811.

A few days before work begins, have professionals come out to mark any underground wires or utility lines on your property. This helps ensure your work goes safely and smoothly and prevents costly damage that could result in service outages for the whole neighborhood.

Know what's below.  
Call before you dig.
