TOGETHER WE CARE

Sometimes, our neighbors experience a financial hardship that makes it difficult to pay their utility bills. The hot summer season hikes up A/C costs, cool winter breezes require the use of heating, and unforeseen expenses can create financial strain for households.

It's easy to lend a helping hand with the **Beaches Energy CARE Program**. When you donate, 100% of all contributions go directly to people in need in our community.

We understand how important it is to care for our neighbors. **Because we're in this together.**

That's why for every dollar you donate to the CARE Program, we'll match your contribution, doubling the impact of your generosity.

Donate now or learn about eligibility at BeachesEnergy.com/CARE

SAVE ENERGY WITH YOUR LAUNDRY

Want to learn how to use less energy while doing laundry, shrinking your energy bill, and leaving a lighter footprint on the planet? Follow these tips:

Use cold water: washing your clothes in cold water prevents damage, reduces wrinkles, and helps you save on your electricity bill

Avoid washing half-loads: this helps make sure you're only running the machine when necessary

Don't over-dry your clothes: keep an eye on the progress of your clothes and avoid unnecessary time in the dryer

Consider air-drying garments: skip the dryer altogether and help prolong the life of your garments

Keep your machines clean and lint-free: this allows better airflow, which saves you energy

PAY YOUR BILL BY PHONE

Beaches Energy customers may now pay their bills by using our Automated Phone Attendant!

Simply call **904-247-6241** to submit your payment via check or credit card in just a few steps.

Prefer to pay another way? Submit payment online, in person, or by mail. Visit BeachesEnergy.com/PaymentOptions to learn more.
